NOTES:

1. This is a sample program plan that **ONLY** includes major requirements. For questions on college requirements and GEs, please contact CAAC. Each student's actual program plan may differ depending on various factors such as GEs, college requirements, previous credits (i.e. transfer credits, AP credit, etc.), course schedule, and course availability.
2. Students are strongly advised to work with academic counselors from CAAC and their home department to determine a personal program plan.
3. Students in PLAN 1 can switch to PLAN 2 while complete major prerequisites.
